

Want better bike infrastructure?

Join a local committee!

HUB Cycling is Metro Vancouver's cycling advocacy organization. We get more people cycling through advocacy, education, events, and research.

We have 10 Local Committees that work with local governments to create better bike infrastructure. Connect to a local committee and help out!

All are welcome!
No experience required!

Interested in making cycling better in your community?

Our 10 Local Committees meet once a month to discuss, plan, and execute advocacy activities to make biking better in their communities. Everyone is welcome to join!

How can you get involved?

Discuss local cycling issues in meetings

Write letters to, and meet with municipal staff and elected officials to provide feedback and urge them to improve bike lanes

Organize and join rides to assess the condition and comfort of bike routes, identifying gaps and problem areas

Attend and organize community events to represent HUB and encourage people to cycle

To find out more about your area's committee and to join an upcoming meeting, visit bikehub.ca/lc
